September 20, 2023

---

EnsDb.Rnorvegicus.v79 *Ensembl based annotation package*

---

## Description

This package loads an SQL connection to a database containing annotations from Ensembl. For examples and help on functions see the help pages from the `ensemldb` package!

## Note

This data package was made from resources at Ensembl on Thu May 18 14:20:35 2017 and based on the 79

## Author(s)

Johannes Rainer

## Examples

```
## load the library
##library(EnsDb.Rnorvegicus.v79)
## list the contents that are loaded into memory
ls('package:EnsDb.Rnorvegicus.v79')
## show the db object that is loaded by calling it's name
EnsDb.Rnorvegicus.v79

## for more examples see the ensemblldb package.
```
